

Position: Data Science Co-op

Overview:

Teine Energy is an oil and gas company and is one of Canada's largest privately held energy companies. We look for ways to evolve, improve, and innovate our approach to every aspect of our work. Teine strives to deliver sector-leading returns while supplying the world with environmental and ethically sourced energy. We enrich our communities through the contributions and development of our extraordinarily talented people.

We are currently looking for a **Data Science Co-op student** to join our recently formed Data Science team. This position will be available for 8-12 months starting in May 2021. The successful candidate will have the opportunity to participate in a wide range of meaningful assignments and work closely with experienced professionals from various disciplines.

Summary of Duties:

- Collaborate with team members to understand current data processes and identify areas for improvement
- Develop data automation and analysis tools to solve identified inefficiencies
- Opportunity to participate in AI and Machine Learning projects
- Facilitate end-user access to domain data through automated analyses and visuals
- Support and create meaningful data insights
- Provide support to team members after data solution deployment

Preferred Qualifications and Skills:

- Must be currently enrolled in a University Computer Engineering/Computer Science Program
- Strong academic background
- Exceptional Excel skills
- Exposure to PowerBI or Spotfire is a plus
- Proficient with one programming language such as Python, R, Java, C#, C++, or C
- Experience developing with data libraries using Python (NumPy, pandas, scikit-learn, etc.) is valued
- Some oil and gas knowledge would be an asset
- Ability to work effectively in a team environment
- Demonstrated written and verbal communication skills
- Strong work ethic

Please apply online by **January 31, 2021** and submit your resume to <https://www.teine-energy.com/careers/>

We appreciate the interest of all applicants, however, only those candidates to be interviewed will be contacted.
